

# THE IMPORTANCE OF TRAVEL INSURANCE

\*Proof of insurance is **mandatory** for all out-of-province tours planned and facilitated by Travel Your World International Ltd.

While travel insurance may seem like an unnecessary expense, it's important to understand the cost of travel insurance is much less compared to the financial loss you will be protected from if you have to interrupt or cancel your trip unexpectedly. The cost of this insurance is also small in comparison to the potential costs of an unexpected medical emergency in a foreign country.

Did you plan for the unexpected? Did you pack your favorite shoes? Your sunscreen? Your travel insurance? Travel insurance is a travel companion you should choose to help you through unexpected events that may arise before or during your trip.

## Emergency Medical Insurance

Emergency medical insurance has been there to help insureds with managed care when necessary in a foreign destination, using the local languages, helping by prepaying hospital and physician bills where possible. This insurance also helps recovering insureds get back home to their friends and family if it is medically necessary and when it is arranged by the Assistance Centre.

## Trip Cancellation & Interruption Insurance

Recent events around the world have caused unexpected travel costs or trip cancellations and interruptions for which some travel insurance provides coverage. Volcanoes affecting worldwide airport traffic, travel supplier bankruptcies, travel advisories and weather conditions are just some of the events that you may have heard about in the news. These events may have caused travellers to pay additional transportation costs, hotel and meal expenses and other unexpected costs, so they could continue their trip or travel back home. These events, and others, are covered, subject to conditions, limitations and exclusions, under most of these insurance plans.

Trip Cancellation and Trip Interruption (TCTI) insurance can be purchased any time prior to departure; however, to take advantage of the Cancel For Any Reason (CFAR) benefit, TCTI insurance *must be purchased within 72 hours of booking* a trip or before any cancellation penalties become applicable. You must purchase TCTI insurance for the full value of the non-refundable portion of the travel services and for the full duration.

Other covered events are; missed connections due to airline schedule changes, the illness or death of you, your family member, your travel companion or your travel companion's family member, or even hospitalization or death of a friend. These are just some of the reasons to protect your trip investment if you have to cancel or interrupt your trip. Other plans available include coverage for lost or stolen baggage, benefits for meals and necessary items when your checked baggage is delayed more than 10 hours, flight and travel accident and rental vehicle damage insurance.

**TO BE ELIGIBLE FOR INSURANCE** with Travel Your World International Ltd. and Manulife Insurance, with the exception of the Visitors Plans that include Emergency Medical Insurance, *you must be a resident of Canada and covered under a government health insurance plan for the entire duration of the trip.*

## Please note you will NOT eligible for coverage if:

- a) you have been advised by a physician not to travel; and/or
- b) you have been diagnosed with a terminal illness with less than 6 months to live; and/or
- c) you have a kidney condition requiring dialysis; and/or
- d) you have used home oxygen during the 12 months prior to the date of application.

There are many plan options available.
